

# Mallery Pierce

## CULINARY ARTS

*"I have enjoyed coming to work every day knowing that the staff I work with daily love to be here for the students and to make a learning environment that is beneficial and fun for every student that walks into our doors. I also enjoy being with my students every day. They bring me so much joy and when they come to school ready to learn and be involved, that is my absolute greatest joy as a teacher. I truly love my job and enjoy being at Whitko Career Academy!" - MALLERY PIERCE*
